SUPPLEMENTARY INFORMATION:

Title: Eisenhower Transportation Fellowship Program

OMB Control #: 2125-0617.

Background: The Eisenhower Transportation Fellowship Program is comprised of two programs, the Eisenhower Transportation Fellowship and the National Highway Institute (NHI). The purpose of the Eisenhower Transportation Fellowship is to advance transportation education and research, and attract qualified students to the field of transportation. The Eisenhower Transportation Fellowship allows for the collection and analysis of vital program information from student transportation education programs, also serving as a management tool to measure program performance and evaluate effectiveness in meeting Federal intent and workforce development common goals and objectives. An application form is used to collect basic information from the student to determine eligibility and qualifications for fellowship. The NHI calls for the development and delivery of courses for the transportation community and requires the involvement and satisfaction measurement of transportation partners. One vital component involved in reaching those goals is providing training pertaining to highway activities, making sure that professionals and members of the public have access to the best, most accurate information. Towards this goal, the NHI develops and implements applicable training programs. To manage this increasingly complex task and to make the training process more accessible and useful, NHI has automated an online training management tool – the NHI Web Portal. The training evaluation and registration forms collect basic participant data for record

keeping and basic course and instructor evaluation information for customer feedback about what NHI is doing well and what we need to improve.

Respondents: Approximately 200 students submit applications for the Eisenhower Transportation Fellowship and approximately 20,000 students for the NHI.

Frequency: The Eisenhower Transportation Fellowship frequency is annually. The NHI is by learning session.

Estimated Average Burden per Response: The estimated burden to complete the application for the Eisenhower Transportation Fellowship is 3 hrs, 600 hrs annually. The estimated burden to complete each training evaluation and registration for the NHI form is 3 minutes, 1000 hrs annually.

Estimated Total Annual Burden Hours: Approximately 1,600 hours annually.

Authority: The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; and 49 CFR 1.48.

Issued On: December 17, 2013
